

## Monthly Report of observations of evictions by the Human Rights Observers in Grande-Synthe, Nord – February 2020

Since 2017, the aim of the Human Rights Observers project has been to observe and document the daily human rights violations of displaced people at the French-British border<sup>1</sup>.

### Data collected during weekly evictions of informal living sites

	9 evictions of informal living sites		22 arrests
	27 tents seized		2 x cooking utensils seized
	15 sleeping bags/blankets seized		3 – number of times food was seized
	2 bags/suitcases seized		1 intimidation attempt <sup>2</sup>

The political strategy of avoiding ‘fixation points’ has led to weekly evictions in Grande-Synthe, with on average 3 to 5 evictions of displaced peoples’ living sites per week. All shelters, along with personal belongings and basic necessities are seized and destroyed by various means (with knives, chainsaws etc.). These operations of harassment are also accompanied by often abusive identity checks (*Cour de cassation, 25 avril 1985, n° de pourvoi 84-92916*), followed by arbitrary arrests and illegal stays in administrative detention.

### Data collected during « sheltering operations »<sup>3</sup>

	12 single men accommodated		42 single men turned away
	1 single woman accommodated		4 single women turned away
	12 families accommodated		18 families turned away
	4 days no accommodation proposed		

During weekdays, people can go to a specified meeting point and request to be accommodated. This is done via a sheltering system provided by AFEJI (state mandated association).
