

## **Testimony of police violence**

**Reported to Human Right Observers by a displaced person  
living in Grande-Synthe**

On the night of July 30, I was chased by the police with several friends along a road. While running away, I fell on a fence that seriously injured my face (several stitches). Out of fear, I stayed hidden in the ditch for a long time. I saw one of my friends being caught and taken away by the police.
