

Testimony of Arbitrary Arrest

**Reported on 11.11.2020 to Human Rights Observers by an
exiled person living in Calais.**

I am from Afghanistan and have been living in the jungle in Calais for six months. People's behaviour towards refugees in France is positive and I am grateful to them, but I have a problem with the police. The French police have aggressive behavior. In winter, it is cold, but they continue to harass and evict people. What we expect from the government is to put an end to this police behavior so that people can have peace.
